Recent Projects

Geography Game | <http://kapcode.me/geographygame/#/>

January 2017

- This is a geography game where you are asked a question and then you have to locate the answer (in the form of a marker) on the map.
- Built with HTML, CSS, React.js, Node.js, and Google Maps API

AtlantaVibes | <http://kapcode.me/AtlantaVibes/#/>

March 2017

- AtlantaVibes is a Full-Stack application that aggregates data from the top ten music festivals into one easy to use website. AtlantaVibes lets users view, rate, comment and purchase tickets for their favorite festivals in Atlanta.
- Built with HTML, CSS, Javascript, React.js, Redux, Node.js, Express, SASS, NPM, MySQL, and AWS
